Asante sana!**

When we took on our roles, the board was fueled by ambition and determination. Chevening alumni represent some of the most talented and exceptional individuals in Kenya, and we are privileged to be among them. We have overcome various challenges and emerged victorious. Stories of success and resilience like ours are rare in everyday life, which is why the board aimed to awaken the 'sleeping giant'. Our goal is to inspire, to be a source of hope, and to ensure our voices create meaningful change.

However, we cannot achieve this alone. We need your support. As members, your active participation is essential to amplify our collective voice. We must build momentum and enhance our visibility, tapping into the numerous opportunities within the alumni network to awaken this giant.

As an alumnus, you owe it to yourself, to Chevening, and to your country to contribute and give back.
